# ABOUT MANMAR

Manmar Bespoke Joinery specialises in the design, manufacture and installation of high security hardwood doors to cover a multitude of applications.

Our dedicated team is passionate about delivering a security solution that exceeds expectations and improves communities and businesses.

## CORE PRINCIPLES:

Support our clients

Value our people

Craftsmanship in every detail

Innovate constantly

Communicate with transparency

# INTRODUCTION

At Manmar we strive to offer our customers the right solution through a bespoke service ensuring that customers and end users requirements are met. We work in partnership with you to deliver best value and we believe communication is key to achieving a long and successful relationship.

Our focus is on manufacturing high quality, durable hardwood doors with an emphasis on timeless design and security, without compromising on style.

Our doors are compatible with an array of **access control** and **automatic operators**, providing seamless integration with our doors to deliver reliable, efficient and secure solutions.

We are centrally located in the UK and proud to serve clients across the country with reliable delivery and exceptional service.

## CRAFTED WITH CARE

Expertly crafted hardwood doors built to last.

## SUSTAINABLE HARDWOODS

Responsibly sourced materials for a more sustainable future.

## BUILT ON TRUST

Quality, reliability and security you can depend on.

## ACCESS CONTROL

Compatible with a wide range of access control systems.

## AUTOMATIC OPERATORS

Compatible with automatic operators for smooth, reliable performance.

## OUR MARKETS

Social and private housing

Public and government buildings

Educational establishments

Healthcare facilities

Commercial premises

Retail parks

Banks and financial services

Utilities and infrastructure

High security premises

# OUR SERVICES

Manmar offers customer consultation from project inception through all stages of design, survey, development, manufacture and installation.

No matter how challenging the design, the members of our experienced team will utilise their knowledge and expertise to fully understand and incorporate all customer and end-user requirements.

## SURVEY

A complete and free site survey is undertaken to manufacture bespoke products to an agreed specification and ensure the product is fit for purpose.

## DESIGN & QUOTE

Our team provides comprehensive quotations including CAD designs and detailed specifications to ensure seamless integration within your project.

## MANUFACTURE

We use quality hardwoods and time-honoured craftsmanship combined with modern technology to deliver your bespoke doors. Each door is rigorously inspected to ensure exceptional standards.

## INSTALLATION

Our experienced, CSCS card holding installers ensure a professional installation with minimal disruption and leave the property safe, secure and clean.

# ACCESS CONTROL & INTEGRATION

Manmar doors can be integrated with your nominated door entry and access control provider.

We work alongside your specialist installer, or provide a quotation for these works.

Our doors can incorporate existing or new systems and are compatible with the majority of systems, including but not limited to:

When choosing Manmar you are assured of the very best. Our doors are crafted from selected hardwoods and finished to the highest standards.

We warrant our doors for up to 10 years, subject to manufacturer' recommended standards and maintenance, and excluding acts of vandalism.

We are proud of every installation and invite you to inspect our work to ensure our high standards meet your expectations.

We value feedback from customers and residents via satisfaction surveys and continually improve our working practices.

We can offer a planned maintenance regime to prolong the lifespan and performance of your door.

**10 YEAR  
WARRANTY PERIOD**

# HARDWOOD SECURITY DOORS

Our hardwood doors are handcrafted using premium hardwoods for exceptional strength, durability and beauty. Designed to withstand demanding environments, our doors provide outstanding protection and peace of mind.

Each door is bespoke, built to your specification and finished to the highest standard.
